

Webpage Layout using DIVs

HTML code

```
<!DOCTYPE html">
<html">
<head>
<meta http-equiv="Content-Type" content="text/html; charset=utf-8" />
<title>Page Layout</title>
<link rel="stylesheet" type="text/css" href="style.css">
</head>
<body>
<div id="wrapper">
<div id="top">Top</div>
<div id="nav">Nav</div>
<div id="left">Left</div>
<div id="main">Main</div>
<div id="right">Right</div>
<div id="bottom">Bottom</div>
</div>
</body>
</html>
```

CSS code

```
#wrapper {  
width:900;  
margin:0 auto 0 auto;  
}  
  
#top {  
background-color:green;  
color:blue;  
width: 900px;  
height:100px;  
float: left;  
}  
  
#nav {  
background-color:#339;  
width:900px;  
float: left;  
}  
  
#left {  
background-color:#069;  
width:200px;  
float: left;  
}  
  
#main {  
background-color:#033;  
width:500px;  
float: left;  
}  
  
#right{  
background-color:#999;  
width:200px;  
float: left;  
}  
  
#bottom{  
background-color:#999;  
width:900px;  
float: left;  
}
```
